

ELECTRONIC SUBMISSION SYSTEM HANDBOOK

1. IMPORTANT INFORMATION

IMPORTANT: The online platform corresponds to an adaptation of the French National Research Agency (ANR) electronic submission tool. In accordance, you will find certain fields that are blocked (or could not be removed) because they are solely focused on French Applicants. As these fields are considered irrelevant to this Call, please disregard these aspects when filling in the data of your proposal. Please follow this *Electronic Submission System Handobook*, in order to make sure you do not miss any important information you should provide.

NOTE: You can choose the language of your screen (French or English) by clicking on the flag at the top of the screen (right side).

Consortium Composition

For each project, a **coordinator** is appointed. Each project Partner appoints ONE scientific and technical representative for his/her team (the **Principal Investigator - PI -**). The coordinator will create the proposal in the submission platform and add the project Partners. Once that is done, Partners will receive an invitation mail to connect to the platform. They will be able to check the information provided by the coordinator and modify their administrative and financial data if necessary.

Each modified page in the submission platform must be saved before going to another page.

2. HOW TO CONNECT

1. Go to :

One month before the deadline for submission, the link to the submission website will be announced on the prima web page in the section corresponding to the call

2. The following screen will be displayed:

The screenshot shows the 'Authentication Page' with the following elements:

- Email address:** A text input field containing 'johann.muller@agencerecherche.fr x'. A blue arrow points to it from a blue box labeled 'Insert Email Address'.
- Password:** A text input field with masked characters '.....'. A blue arrow points to it from a blue box labeled 'Insert Password'.

- Remarks:** A section with four bullet points: 'This website is designed for a 1024x768 screen resolution (Full Screen)', 'The application is optimized for Internet Explorer (up to IE10) and Firefox.', 'Cookies and JavaScript must be enabled.', and 'We advise you to allow popups from your browser settings.'
- Message to experts and committee members:** A section with two lines of text: 'If you already have an account (as proposal coordinator, partner...), you must use the same login/password.' and 'If you have not received or if you have lost your password, you can generate a new one via the link "Forgotten password" located on this page.'

If you already have an account you must use the same email address to log.

If you request a new password, you must provide your e-mail address on the following screen:

An e-mail will automatically be sent to your INBOX. (verify your spam box if you did not receive the mail).

The screenshot shows the 'Mot de passe oublié / Forgotten password' screen with the following elements:

- Valider:** A button located below the email address field.
- Revenir à la page d'authentification / Back to the authentication page:** A blue hyperlink located below the 'Valider' button.

3. After validation, you will get a new screen asking you to choose your user profile: Project Coordinator or Project Partner. Please click on **“Project Coordinator”** and then **“Access”**:
4. (once the coordinator has invited his/her partners for the project, the project partners will have to log in the same way but selecting “project partner”)

3. HOW TO COMPLETE YOUR PROPOSAL

When you log for the first time you will have to enter the ACRONYM of your proposal and the title then :

You will be presented the following screen:

You will now have access to the main online submission page composed by several tabs gathering all the information needed for the evaluation of the project (from the left to the right side of the screen):

TAB 1: Partnership and tasks **TAB 2: Partners/Organisations files** **TAB 3: Identity of the Project**
TAB 4: Scientific Abstract **TAB 5: Scientific Document** **TAB 6: Peer reviewers** **TAB 7: Submission of the project**

By default, you will first be directed to the “**Identity of the project**” page:

Please complete all the information: Duration of the project, category of research, key words, answer to the 2 questions: Has the project been submitted previously to PRIMA? Is the project a follow/continuation of a previously granted project under arimnet / Eranetmed?

The screenshot shows the 'Identité du projet' tab in the application. Key fields and annotations include:

- Titre en français du projet** and **Titre en anglais du projet**: A blue box with arrows pointing to both fields contains the text: "ENTER THE TITLE IN ENGLISH FOR BOTH".
- Catégorie RAO**: A blue box with an arrow pointing to the dropdown menu contains the text: "There is only one option, please select it to be allowed to continue your registration".
- Choisir les axes thématiques**: A blue box with an arrow pointing to the 'Sélectionner les axes thématiques de recherche' button contains the text: "Click here to select your topic."

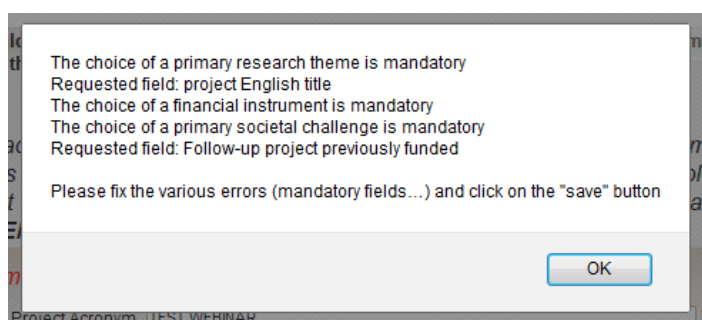

You must also answer some questions concerning the proposal and provide keywords defining the research domains of your proposal. An open field section of “Keywords” allow you to introduce extra keywords not mentioned in the previous section. Keywords must be separated by semicolons.

To select your topic:

The screenshot shows a modal dialog box titled 'Choose the research themes (Min 0 Max 1) from the 2 available themes (as well as the sub-themes)'. It includes a 'Custom' section with checkboxes for 'Research theme' and 'Research sub-theme'. Below this, there are two options: 'Promote sustainable agriculture for socio-economic development' (which is checked) and 'Improve food products through food value chains improvement'. A blue box with an arrow pointing to the checked box contains the text: "Tick the box to select your topic and click on “OK”".

Below the dialog box, another blue box contains the text: "For section 2 ONLY: You can select more than 1 topic if your proposal is cross cutting between 2 topics. In this case, be sure that both topics are eligible by all the funding bodies involved".

After **Saving**, a pop-up window will appear to remind you any forgotten field and the need to save data before leaving this tab. Here is an example below:

When all the fields have been properly completed you will get a confirmation from the system when saving:

Move to the **"Partnership and tasks"** Tab. Here the Coordinator will ADD and REMOVE partners and will define the roles. FOR EACH PARTNER, it is only needed the information of the Principal Investigator, the whole research team can be described later (in another tab).

4. HOW TO ADD PARTNERS

The **Partnership and tasks** TAB allows the coordinator to add/remove the partners of the consortium. The table below is automatically filled as you provide information on each or your partner

Partnership and tasks | Partners/Organisations | Identity of the project | Scientific abstracts | Scientific document | Peer reviewers | Summary tables | Submission of the project

Partnership

The project coordinator specifies each partner and the principal investigator (PI) of each partner.

Any PI indicated in the table below has access to the project, his/her login being the registered email address.
If necessary, he/she can generate a new password from the home page.

At each change made, the PIs of the concerned partners are informed by e-mail.

For CSA (one stage selection process) or for stage 2 (FULL PROPOSAL for RIA and IA): As for the first stage you have to provide the total cost and the requested amount for each partner and also **THE DETAILS OF YOUR BUDGET** (personal cost, missions, consumables....). The detailed budget **MUST BE PROVIDED IN THE EXCEL FILE AND MUST BE UPLOADED AS AN ANNEX** (see Section 9).

The Budget template in excel (specific to each type of action and also to the section to which you apply) will be available on : <http://www.prima-med.org>

THIS DOES NOT MEAN THAT THE PROPOSAL IS ADMISSIBLE AND OR ELIGIBLE. The system only verify that the mandatory fields have been completed and that a scientific document has been uploaded with a budget different to zero. It does not verify the content of the document and/or that the annexes have been uploaded.
